

**REMARKS**

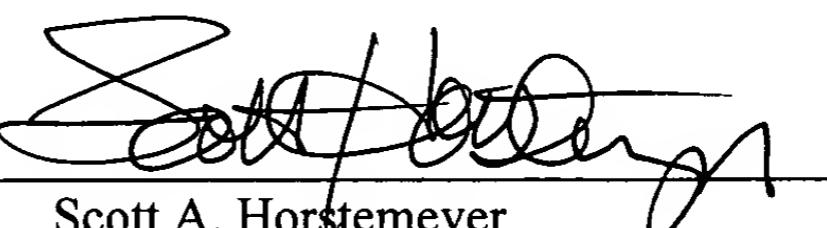

Upon entry of this paper, claims 1-41, for issue have been allowed via a Notice of Allowability mailed on November 10, 2004. Amendments to the specification have been made herein to correspond to the newly-submitted formal drawings. Specifically, margin requirements required that Figure 6 in the originally-submitted informal drawings be partitioned into Figures 6A and 6B in the formal drawings. The specification is therefore amended so that references to figure numbers reflect these changes.

Applicant submits that no new matter has been introduced by either these amendments or the Formal Drawings. Applicant further submits that the foregoing amendments do not affect the allowability of the present application. Applicant respectfully requests that the foregoing amendments be entered pursuant to 37 C.F.R. §1.116. If, in the opinion of the Examiner, a telephonic conference would expedite entry of the foregoing amendments, the Examiner is invited to call the undersigned attorney at (770) 933-9500.

Respectfully submitted,

**THOMAS, KAYDEN, HORSTEMEYER  
& RISLEY, L.L.P.**
